

Great News Comes in Threes.

Introducing ICCO's New Grated Cheese Stand Up Recloseable Plastic Bag

ICCO has developed a quality recloseable stand up plastic bag for the Deli/Dairy departments. The product is easy to use and stays fresher versus the conventional, old plastic Deli Cups.

We offer an Imported Parmesan, a Pecorino Romano and a new flavorful 3-Cheese blend (Parmesan/Romano/Asiago). We also can provide domestic cheese such as Parmesan and Romano.

The product package offers an excellent presentation and high quality image to the consumer while offering a new profit opportunity for the store. ICCO can offer the bags with our repack Montini label, or you can scale and put your own Deli/Dairy sticker on the product.
